More strong investment returns from MIESF - despite political and economic uncertainty

Investment Returns

The returns (net of investment costs and tax) allocated to the accounts of members for the year ended **30 June 2017** are:

9.4% for Accumulation Members invested in MIESF MySuper

10.8% for Accumulation Members invested in the High Growth Option

10.3% for Pension Members

The 2016/17 financial year was a very good period for investors. Spectacular returns were achieved on Australian and International shares. Returns on cash and fixed interest investments were very low.

The 9.4% return allocated to members invested in MIESF MySuper is a strong return, however the return for many MySuper accounts in Australian superannuation funds was even higher. MIESF MySuper generally has a lower exposure to share investments than most other MySuper accounts. Whilst this may produce a lower return in some years, such as in 2016/17, it is intended to produce a smoother pattern of returns for members over time and to have a lower chance of losing money in any given year.

Members will see the impact of these investment returns on their superannuation account by checking their Annual Benefit Statement.

If you did not receive your Benefit Statement, please contact the Fund.

Please take a few minutes to review the "Summary of benefits & costs" for MIESF shown on the next page.

Superannuation Guarantee Contributions

Compulsory Superannuation Guarantee contributions made by your employer should be 9.5% of your ordinary earnings.

MIESF is Your Industry Fund

MIESF was created in 1981 by the AMIEU. The Trustee company that controls the Fund has an independent chairperson and half of the other directors are appointed by the Union on behalf of members.

The Fund's objective is to offer meat workers a low cost, simple and efficient superannuation fund. The aim of MIESF MySuper is to ensure the security of your retirement money and to provide a reasonable rate of return above bank rates of interest over the medium and long-term without taking undue financial risk. Members who can tolerate a higher degree of risk may invest part or all of their account in the High Growth Option.

We thank you for being a member of MIESF and remind you that you can contact us with any queries.

MIESF is MySuper Authorised

The Trustee of MIESF has been authorised by the Australian Prudential Regulation Authority to provide MIESF MySuper for its members.

MIESF has Low Fees

All MySuper products are supposed to have low fees, a simple investment option and death and total and permanent disablement insurance cover. MIESF MySuper has these characteristics. Over time you should be able to compare MySuper products and you will see that MIESF is one of the lowest cost superannuation funds in Australia.
