

YOUR INSURANCE COVER MAY BE CANCELLED

The Australian Government has made new laws that may result in your insurance cover in MIESF being cancelled.

If we have not received any contributions from you or your employer or a rollover from another fund on your behalf for more than 16 months your insurance cover will be cancelled.

The good news is that you do have a choice.

You can continue your insurance cover by completing one of the Member Insurance Choices forms and returning it to the Fund.

You should have received a letter from the Fund if this change is likely to affect you.

We urge you to read the letter and complete the enclosed documents.

Once you receive your letter you can also call us on (03) 9662 3861 or 1800 252 099.
